INSTALLATION CEREMONY HELD

The Starlight Eastern Star Lodge of Crossfield held its first Worthy Officer installation ceremony in the Masonic Hall on Thursday, 24 at 8 p.m., when Ruth Mumby, Worthy Installing Officer and her Marshal, Max Fox, duly installed the elective officers of the local lodge for the ensuing term. The impressive ceremony is usually performed behind closed doors, but this time gave the invited guests an opportunity to observe the installation.

The following is the slate of officers for 1952: Worthy Matron, Mrs. S. Hutchings, Airdrie; Worthy Patron, Herby Mumby; Worthyster, Assoc. Matron, Mrs. S. Hutchings; Assoc. Patron, Bill Pappal, Airdrie; Secretary, Mac Fox; Treasurer, Gladys Wood; Conductor, Wilda Charney; Assoc. Conductor, Hazel Clayton.

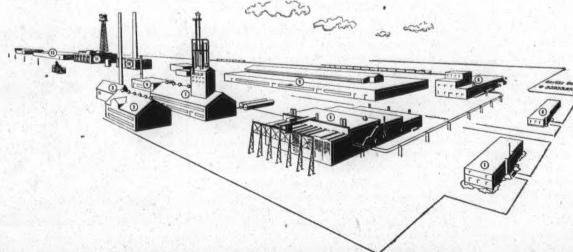

Mrs. Hutchings, W.M., was presented with a beautiful family portrait pin-on locket which bore the insignia of the Eastern Star. A small presentation was made by a sister member, Mrs. C. A. Deeks, on behalf of those present. Mrs. Hutchings suitably responded. Mrs. Mumby, the installing officer, on behalf of the lodge presented the worthy patron, Mr. Mumby, with a past patron's jewel. The worthy patron's husband responded. The worthy matron, through the marshal, presented each of her officers with a corsage during the procedure of installation.

At the conclusion of the ceremony the ladies members gathered and were invited to a delicious lunch in the basement, when the worthy patron, Herby Mumby, officiated as master of ceremonies, calling on several members, and friends for a few words.

The delightful evening came to a close before midnight.

Over \$50 Raised At Sale

The W.A. Senior group of the United Church was more than pleased at the results from the bake sale on Saturday afternoon in the store of Wm. Laut, who helped them in many ways during the affair. The W.A. especially would like to thank Mr. Laut and all the patrons who found time to attend, and also those who were kind enough to donate food for the table.

THIS ARTIST'S conception shows the proposed layout of the polythene plant to be built in Edmonton. Incoming natural gas from the Leduc field will be converted into ethylene in the ethylene plant (1) with its associated cracking furnaces (2), compressor house (3), and control room (4). Polythene produced from this ethylene

in the main reactor building (5), will be transferred to the warehouse (6), for packing and shipment. The other main buildings on the worksite comprise the administration offices (7), personnel block (8), stores and repair shops (9), power house (10), water cooling tower (11), and water purification plant (12).

CROSSFIELD AND DISTRICT NEWS

The Afternoon Bridge Club members met at the home of Mrs. Jack Hesketh, with the customary two tables in play. A very tasty lunch was served by the hostess. Afternoon's honors were shared by Mesdames Stanford and Loree.

Fete Bride-Elect At Shower

CROSSFIELD—The Crossfield United Church parlor was the scene of a pretty shower on Sat. Jan. 25, at 3 p.m., which honored Miss Rebecca Donison, bride-elect of February. Pink and white streamers formed pleasing decorations and converged over the honored chair.

The gifts were presented in the same color scheme in basket which was brought in by Russell Banta and Valerie Pearce. Assisting Rebecca was her mother and friend, Mrs. Dean Fox. Rebecca thanked everyone for her lovely shower and especially the neighbors who had made it possible.

The table was bedecked with silver and a pretty yellow table cloth.

Spring honors at the tea arms were Mrs. W. Aldred, mother of the groom and Mrs. Nellie O'Neill, grandmother.

A lovely lunch was served and an enjoyable afternoon spent.

Annual Meeting Of Old Timers

The Becker rink, skippered by Mesdames Becker, skip, Borbridge, Stevens and Poffenroth, attended the Olds ladies bonspiel on Thursday and Friday of last week, returning with a third prize in the main event.

Hold Whist, Bridge Party

BEISEKER — The Catholic Women's League of Beiseker held a whist and bridge party in the Beiseker Memorial Hall on Sunday evening, Jan. 27. A large crowd was in attendance. Honors in, whist went to Mr. Marcus Higel and Mrs. Felix P. Schmalzitz. In bridge, Mr. Tony Wald and Miss Christine Velker took the honors. Lunch was served to complete the evening.

Edmonton Poet Writes Ode To "Flying Enterprise" Saga

T. B. Windros, author of a recently published book of poems, has penned the account of the story of the "Flying Enterprise" in verse. Here it is:

SAGA OF THE SEA
The race of heroes of the sea
Has not from earth departed,
Sacred and unsullied the decree
That stirs the true stout-hearted
seamen on the wind-lashed main
To death defying deeds again.

Sons of the coast and Viking,
Brave the tempest's angry blast,
And in peril stand unyielding.
Fly their colors from the mast;
Theirs the ever fadless story,
Theirs the bright, undying
glory.

Drove the clouds across the
skies.

Towering billows spent their might;

To crush the Flying Enterprise;
Bitter gales by day and night,
On her bridge her captain kept
Anxious watch while others
slept.

Strength of sturdy hull for hours,
Firmly built of tempered steel,
Pitted 'gainst the ocean's powers,
Strained from deck to plunging
keel.

FOR LONGER LIFE

Have you a growing child in your family? You might consider this tip when buying plastic raincoats. Buy one a little longer than necessary and make a hem as deep as you wish by fastening it in place with cellophane tape. Let it down as the child grows. Try the same method on the sleeves.

DOG POUND NEWS BRIEFS

Complimenting Mrs. Donald Leuck (nee Corrine Williams) a miscellaneous shower was held in the Dog Pound Hall on January 4th, with over fifty in attendance. The bride's table and chairs were decorated with pink and white streamers with the gifts presented to the bride and groom. Contests added to the social afternoon and a tony lunch was served.

The January meeting of the Blue Birds was held at the home of Mrs. F. Hyatt, with eleven members present. It was decided to hold card parties every two weeks.

The Dog Pound hockey team has won three games and lost one.

Sackett-Wearmouth Nuptials Held

CROSSFIELD—Rev. Rev. Brown of United Church, Calgary, officiated in his home at the marriage of Wm. Wainford Jean, youngest daughter of Mrs. E. Wearmouth, Cartstairs, to Ronald Elmer, son of Mr. and Mrs. Art Sackett of Calgary at five o'clock in the afternoon on Jan. 25, 1952.

The bride, who was given in marriage by her brother, Don Wearmouth, was very lovely in her floor length satin gown, featuring Iily-point sleeves. Queen Anne collar, tight bodice with bouffant skirt. A three-quarter length veil was worn. She wore a only jewellery a string of pearls, and carried a crescent shaped bouquet of red roses and gardenias. She was attended by her friend, Miss Martha Malarachuk, who was becomingly attired in pale blue taffeta gown with blue taffeta sash and carried a sheaf of pink carnations.

The groom was attended by Eliden Stafford of Crossfield. A reception for the bridal couple and immediate families was held in the Club Cafe, where the bride and groom were seated at a long table with a wedding cake and flanked with carnations. The happy couple left for a week's holiday in Edmonton. The bride wore a navy blue suit with wine top coat and matching accessories.

They will reside on their farm east of Crossfield.

Doctors for an insurance company say three out of every five persons would like to reduce but only one out of five has seriously tried to do it.

MARGOT and BOB CHRISTIE of Toronto are one of the most unusual couples in Canada's radio and television world. But never together until Saturday, while Margot is rehearsing her role of Miss Henshaw, the sharp-tongued school-marm in "Jake and The Kid," Bob may be in an adjacent CBC studio, growing like a giant in the story room at "Cuckoo Clock House." And dashing to rehearsals of "Stage 52" or "Ford Theatre" the Christies often have not time for more than a brief nod at one another in passing.

ON HIS WAY HOME AGAIN. Prime Minister Winston Churchill, after his 3rd visit to Canada in 10 years left by way of Washington and New York for Britain. He sailed on the Queen Mary.

EDITORIALS

Conferences Seem Futile

The United Nations has accepted the proposal of some Middle East nations for a conference of the Big Four, over the controversial question of arms reduction, or disarmament. In ordinary diplomatic matters, in the past, this move would have a hopeful aspect, but in these days of conferences without end, in which only futility is reached, there seems to be little optimism found in the situation.

As long as the conferences include the representative of the Soviet Republics will there be any chance of the conferees arriving at a peaceful and practical solution of their problems? Surely the Western nations know by this time that Russia does not want a peaceful issue to come from all these meetings of statesmen!

Every conference held so far over disputed matters between Russia and the rest of the world, has ended in futility. Not even the United Nations itself has escaped this devastating evil opposition and futility. In every final decision on even the most vital questions, the Soviet veto has loomed as the last road block to progress. There isn't much hope or expectancy of disarmament agreement blossoming from this last Big Four Conference.

Doings At Medicine Hat

Medicine Hat James E. Caldwell has invented a bicycle with wings, fore and aft, which flap, and which, in turn, lift the bicycle into the air. Thus, the modern world has its first flying bicycle.

In operation, the wings flap as the bicycle moves along, and though the engine rates only two horsepower, Mr. Caldwell has pulled himself five or ten feet up into the air with a bird-like rhythm. The strangest thing about the contraption is that it uses gravity for most of its power. Caldwell says he studied the principle of bird flight for three years before building the "Ornithopter". The wings reach out nine or ten feet from each side of the bicycle and are cloth-covered.

There is as yet no final agreement as to the importance of the new machine but the inventor claims that it represents a new scientific approach, which may prove of greater commercial value than atomic energy. He explains the principle as one in which the wing lifts the weight and the weight propels the wings. "This formula is the science of using air for a highway and of using gravity for most of the power on that highway," he says.

Liberals Plan Convention

It has been announced, from the Liberal party headquarters, that a party convention is being called to meet in Edmonton, on January 30 and 31. Efforts are being made to make this gathering one of the greatest importance.

The Alberta Liberal party has been slowly gaining strength in the last eight years and though progress has not been as great as was hoped, there has not been a recession or a slackening in interest in the province. The organizations in the constituencies have taken active measures to put their affairs in first class order. Candidates have been nominated in many of them, and there is a spirit of confidence in party officialdom, that the next trial of strength between Social Credit and the Liberalism of the historic party will reveal some very encouraging developments.

The political pendulum has swung to opposite poles more than once in Alberta, and the coming convention of the party is likely to give things a good start in the direction of victory at the next election.

Note and Comment

T. P. Devlin of Winnipeg, says there are 350,000 farms in Canada without tractors. This means that horses are still needed, and the demand for good animals should improve. Horses on Canadian farms last June numbered 1,505,200, a decline of 10.6 per cent below the figures for June, 1950.

The Bible Today:

No man can serve two masters . . . Ye cannot serve God and Mammon." Matt. 6. 24.

Stambaugh Champions Alberta

Valiant service has been performed by Senator J. W. Stambaugh in the senate debate on the troubled and complex business of the railway freight rates recently. The senator, with commendable courage and ability, raised his voice in defence of objections by Alberta to the inequalities now continuing in the railway freights rates as between the eastern provinces, British Columbia and Alberta.

At one point he stressed the unequal rates by telling the senators that the rate 100 pounds of canned goods from Aylmer to Vancouver was \$1.57 and the rate from Aylmer to Calgary or Edmonton \$3.23 for 100 pounds of the same goods.

In reply to objections from Senator Reid of British Columbia, Mr. Stambaugh said: "I am at a loss to know why British Columbia should be opposed to Alberta getting a little break from these freight rates." He pointed out that proposed changes did not adversely affect either B.C. rates or those to Winnipeg, and he could not see why Alberta should be refused a small advantage when it did injury to nobody else.

It seems evident that, though Canada is a united country politically, there are those among the senators who think of the dominion in local, sectional terms, of the East and West and the Middle, all being opposed to each other. It is time the facts, as stated by Senator Stambaugh, should bring about a more equitable deal between the extremes "and the middle of the country in the matter of freight rates and other matters. Confederation will never mean union until all parts of the country stand for the whole.

Heroism Not Dead

The age of heroes has not passed into oblivion, as some dark souls have believed in recent years, and today the world is standing amazed and thrilled at a sea story of highest heroism and courage. A lone captain of a stricken vessel in mid-Atlantic, after ordering his crew and passengers to take to the lifeboats for safety, and thus assuring himself of their rescue, decided to remain alone on his vessel, thus maintaining the tradition of the sea that a captain must stay with his ship to the last.

For more than a week this brave seaman, Captain Hendrick Kurt Carlsen, has faced death and hardship on a ship with displaced cargo, laying over on her side and huge waves and the wind threatening to capsize her any moment. His is a lonely figure that will stand beside the world's greatest heroes always. As long as the sagas of the sea are told, the story of his brave and sacrificial watch on the wrecked ship will be repeated to future generations.

Everyday Living

SELF IMPOSED HANDICAPS

Don't be foolish—the tendency of tobacco is to destroy. The doctor may say it was typhoid. The fact is, it was typhoid made fatal by a tobacco weakened heart. Another man succumbs to nervous prostration—because tobacco had shot his nerves to pieces. Another gave up the ghost because tobacco had ruined his stomach.

Dr. late Thomas A. Edison said—"Cigarette smoke has a violent action on the nerve centres, producing a degeneration of the cells of the brain. No man, boy or girl who smokes cigarettes can work in my laboratories. In my opinion there are enough degenerates in the world without manufacturing more by means of cigarettes."

"No boy or girl can tie a stone about their neck and expect to win in the swift current of modern life."

"Might as well put sand in your motor as poison in your system. It will wreck the works."

A. L. Warner, M.D., tobacco, liquor and dope specialist, 58 years, 13½ years in two of the largest hospitals in the world, says—"We are breeding a race of tobacco degenerates; juvenile crime, vice and degeneracy steadily increase with increasing numbers of smokers. The average age of smokers down in 16 years from age 28 to 16. Worst juvenile criminals (cigarette smokers) are usually 16 to 19. The people of the United States smoked nearly four billion cigarettes last year and paid for tobacco and smokers' supplies more than the combined cost of the public schools and churches."

HERE IS A REMEDY—LET GOD RULE YOUR LIFE

" . . . I am the light of the world: he that followeth me shall not walk in darkness, but shall have the light of life.—John 3:12.

UNCLE ED.

"IF I KEEP GOING LONG ENOUGH . . .

"I'M BOUND
TO GET
SOMEWHERE!"

THE UNITED NATIONS is like a little man with his hat pulled over his eyes. He's all dressed up, but getting no place. Russian opposition to every reasonable proposal leaves the UN running around in circles.

HORSE LOVERS OPPOSE ROUND-UP

CRAVENBROOK, B.C. — British close of last year's drive and charged "wanton cruelty."

Grazing Commissioner W. C. Pendray reported to Cranbrook farmers and ranchers that 390 signatures were affixed to a petition against the annual drive. Under questioning by the farmers, Pendray said that names of signers had been screened and showed that "only 60 had any direct knowledge or interest in the matter."

The farmers' institute decided that conservation of rangeland during the early spring season was essential for continuation of the beef industry.

However, the farmers recommended that horses evading the annual roundup be shot only by Forest Service grazing inspectors. Authorized agents receive \$5 for each pair of horse ears they turn in. Stallions can be shot by anyone who secures a government agent's permit.

During the roundup periods, farmers are permitted to market the carcasses of the horses they shoot.

A News Section About Alberta People

Week Ending Feb. 2, 1952

NORTHERN SURVEY PARTIES BEGIN WINTER'S WORK

Parties surveying the Alberta-Northwest Territories and the Alberta-British Columbia boundaries expect to complete all but 126 miles of Alberta's boundaries next spring.

SURVEY TO COVER 97 MILES

The surveying of the Alberta-Northwest Territories boundary will work out from Indian Cabin on the Mackenzie highway. Headed by C. B. C. Donnelly, they plan to survey 97 miles of wilderness from the Mackenzie Highway west to the corner of the province.

Last year the party surveyed about 100 miles of the boundary east of the highway. Another 126 miles of boundary west of Fort Smith was surveyed in 1943. If the 1951-1952 program is carried out successfully, it will leave 65 miles of boundary to be surveyed between the 1950 and 1943 lines and 60 miles from Fort Smith to the

northeast corner of Alberta. These two sections totaling 125 miles are expected to be completed in the winter of 1952-1953.

The Alberta-British Columbia party, headed by W. N. Iapovo, expects to complete 85 miles of boundary from Hay River to the northwest corner of the province. They will complete a west surveyed line from the International Boundary to the Northwest Territories boundary.

MUSKEG AND HEAVY TIMBER

Last winter the team was hampered with the soft muskeg caused when sulphur water would not allow the ground to freeze. The area north of Hay River is less swampy but is expected to offer more resistance in the way of heavy timber. The Alberta-British Columbia team will work out from Hay Lake and Upper Hay River.

The team surveying the northeast boundary will use horses and sleighs for travelling and have taken enough food and equipment to be self-sufficient until spring. Parties have been sent in several weeks in advance to cache supplies of hay and feed and feed for their horses. The west boundary team will use horses exclusively and hope to have supplies dropped to them by air during the winter.

Much interest has been displayed in these surveys, particularly by oil companies who are carrying on investigations in the unsurveyed areas.

THREE-FOOT PATH

The survey teams mark the boundary line by cutting a path which will be six feet wide at the skyline. This means it is necessary to cut a 12-foot path on the ground. At each end of the 12-foot intervals, boundary monuments are erected.

While it is possible to find a fine foundation, concrete monuments are laid, while in other areas stone cairns are erected. These monuments and cairns have a metal post in the centre and each is identified by a numbered brass cap.

Those on the Alberta-British Columbia boundary are inscribed "B.C./Alta." The Alberta-Northwest Territories markers are inscribed "N.W.T.-Alta."

The surveying of the Alberta-Northwest Territories boundary is a joint effort of the Governments of Alberta and Canada, while control of surveying the Alberta-British Columbia boundary is divided evenly among Alberta, B.C. and the Government of Canada.

St. Michael U of A Student Wins Fellowship Award

The University of Alberta today announced the award of two Graduate Fellowships in Civil Engineering tenable during the current academic session.

Mr. E. J. Klohn of 9922, 89 Ave., Edmonton, was awarded a Fellowship offered by the Brunner Canada Sales Limited of Montreal.

Mr. Klohn, who was born in Winnipeg, graduated from the University of Alberta in May, 1951, with first-class standing in Civil Engineering, receiving the degree of Bachelor of Science with distinction.

Mr. Peter Yurkiv, of St. Michael's, Alta., now residing at 7702, 81 Ave., Edmonton, was awarded the Lignosol Fellowship offered by the Northwestern Paper Products Limited of Quebec City. Mr. Yurkiv will study the effect of waste sulphite liquor on soil characteristics, particularly as it affects frost heaving in the road beds of railroads.

Prior to entering the University of Alberta, Mr. Yurkiv served 19 months in the Canadian Army, three and a half years of which were spent overseas. The Lignosol Fellowship was won by Mr. Yurkiv in the amount of \$1400, with a further grant for special equipment.

Safe Driving Lectures Offered To High Schools

The cause of highway safety will be promoted through the use of a new white panel truck which went into operation recently as the provincial government's first highway safety education unit.

The unit is sponsored by the Motor Vehicle Branch of the Provincial Secretary's Department and Inspector P. J. Rowan is in charge of the unit.

Through films and lectures, Mr. Rowan will try to educate 'teenagers and adults in safe driving. Services of the unit are available to any school with students at or near the legal driving age of 16 as well as any groups or organizations interested in highway safety.

Through primarily an educational service, the truck and its driver will be ready to assist any motorist in trouble on the highways. It will be equipped with a first aid kit, tow chain, wrecking bar, fire-fighting equipment, a stretcher and flares.

Inspector Rowan also is authorized to arrest any driver for traffic violations and, if his tour around Alberta, will enforce the Vehicles and Highway Traffic Act.

Anyone wishing to use the services of the highway safety education unit can apply to the Motor Vehicle Branch at the Administration Building, Edmonton.

Predicts Firm Hog Prices

A. H. Dyke is again president of the Saskatchewan Swine Breeders Association, and T. H. McLeod, manager of the provincial office.

Mr. Dyke reported to the annual meeting of the organization, held in Regina, that he felt hog prices for prairie swine raisers, should be as good as last year during 1952.

ALBERTA FARMERS GAIN \$12,000,000 IN 20c PRICE BOOST ON 1951 WHEAT

Poor harvest conditions in various parts of the Province have greatly reduced the deliveries of 1951 wheat crop. But those farmers who have made benefit by an added price of 20c per bushel on all their 1951-52 delivered wheat.

This was announced in Ottawa Saturday of last week. It means that Alberta farmers will benefit by over \$12 million in initial wheat price payments. Hon. C. D. Howe announced that the Wheat Board's initial price to producer basis will be \$1.60 per bushel in Northern instead of \$1.40. This increase of 20c per bushel applies to all grades of wheat sold to the Wheat Board.

Starting March 1st the Wheat Board will begin mailing checks to producers for deliveries made by that time, to adjust the difference between what they paid them. It is estimated that over \$50,000,000 extra will go into the pockets of Western farmers. This will pay the producer the full amount at the new initial price, including the 20% increase.

The initial price is the amount the farmer receives when he delivers his wheat to the Canadian Wheat Board, the crown agency which acts as salesman for prairie wheat farmers. If the board shows a profit in sales, it distributes this in the form of final payments to farmers at the end of the crop year.

TB Seal Dollars Still Needed

Christmas Seal Collections for Edmonton and Northern Alberta are nearing the \$80,000 objective, it is reported by V. J. Mahony, chairman of the Edmonton Kinsmen Club Christmas Seal Committee and Friday amounted to \$70,250.

Only \$9,750 short of the objective, the campaign could go over the top in another few days if everyone who intends to contribute would do so without delay, Mr. Mahony said.

Alberta's provincial Seal sale fund is up to only \$16,500, which is the absolute minimum required to carry out the extensive anti TB program of the Alberta Tuberculosis Association and its local district associations, according to G. S. Lake, president of the Alberta Tuberculosis Association.

Mr. Lake stressed that the association has no other source of revenue than the sale of the Christmas Seal, receives no grants from governments, does not participate in Community Chest drives, and appeals to the people only once a year through the Christmas Seal sale. The TB Association does not canvass for funds nor sell seals in any other way than through the mail.

Declaring tuberculosis still to be Public Health Enemy No. 1, in spite of spectacular progress,

Paper Mill Edmonton Prospect

Mr. W. P. Carr, assistant to the president of Building Products Ltd., whose head office is Montreal, made a visit to the Edmonton Branch of his company Jan. 16, and conferred with Mr. Glenn Wood, manager of the Edmonton plant.

This plant represents an investment in Alberta of \$750,000 and will stimulate several new activities within the province. Building Products Ltd. are manufacturers of roofing material, shingles and insulated siding.

The product is built on a base

of felt paper and is manufactured in the company's plant at Winipeg and which Mr. Carr says may result in construction of a paper mill in Edmonton if market conditions warrant. This paper is passed through heavy hot asphalt, is then sprinkled heavily with a crushed soft stone, colored and pressed.

This stone comes now from

Wisconsin but sources are known to exist in Alberta. Quantities of talc are used to keep paper from sticking to rollers while being processed. This tale comes from Quebec, B.C. Again there are known sources of suitable rock in Alberta that will likely be developed.

Floor tile, a finished product, is manufactured in Building Products' plant at Havelock, Ont., and shipped to Edmonton for distribution.

Mr. Carr is confident that western market will appreciate the advantage of an Edmonton plant and expects steady expansion here.

Board of Stewards Elected

ROCKYFORD — Progress was indicated in reports given at the annual congregational meeting of the Rockyford United Church, Jan. 23. Rev. Galbraith, minister, was chairman.

Elected to the board of stewards were, Frank Dunsmore, Raymond Bragg and William Fulton; with Frank Dunsmore, Joseph S. Macbeth, and Mrs. Chris Brun will be the trustees in conduct of the church school.

Mr. L. G. Roppel was re-elected treasurer and maintenance treasurer, and Mrs. Edna Smith, church organist. Raymond Bragg was named congregational secretary to replace F. E. Kenworthy.

Other reappointments were, J. S. Macbeth and J. V. Kenworthy as ushers, and Alfred Pigglin as janitor.

Beiseker Rinks Competing At Acme

BEISEKER — Eight rinks from the Beiseker Curling Club are competing in the Acme bonspiel which is taking place this week.

One rink took part in the Calgary 'spiel last week, but didn't bring home the honors.

Rink personnel: Adam Velker, skip; Leo Vaase, second; Louis Schmalz, third, and Roy Benach, first.

Curling Activities

ROCKYFORD — Rockyford was represented at the Calgary Bonspiel by three rinks: 1, Donny Dahn, Bert Davenport, Jim Dahn and Algie Kush; 2, Art Dunsmore and Ray Koester; 3, Stan Frayn, Carl Gerhardt, Pete Geernaert and Arnold MacLean.

The Dahn rink won the T. Eaton event and returned home the proud possessors of \$25 credit certificates and cups.

The Taylor, Pearson and Carson Bonspiel was played off in Rockyford a week ago Saturday. The results were: Carbon 14, Rosebud 6; Rockyford 17, Cambridge 8; Rockford 8; Rosebud 7.

The Rockyford rink was skiped by Edmund Rath, with Emmette Henke, Bert Katterhagen, Sven Stinn.

A church bonspiel will be held at Rosebud Feb. 6, with players from Rockyford, Carbon and Rosebud taking part. Curling services will be held in the United Church at all three points.

Mr. Ralph Briggs To Serve Second Year As President

EDMONTON — Ra-ph Briggs of South Edmonton was re-elected president of the Alberta Provincial Cattle Breeders' Association at their annual meeting held in Edmonton.

Mr. Briggs is starting his second year as president of the association. He and the other members of the executive work with the Edmonton Exhibition Board in their year's work.

Couple Married In St. Rita's Church

ROCKYFORD — White and yellow ribbons and flowers decorated the altar of St. Rita's church for a recent wedding which united in marriage Miss Anna Marie Koester, daughter of Mrs. Mary Koester, to Mr. Roland Joseph Dopping, son of the late Mr. and Mrs. J. W. Dopping.

The marriage ceremony was performed by Very Rev. J. Q. Kilgour.

Given in marriage by her brother, Raymond Koester, the bride wore a gown of white nylon over satin designed with lace insets in the full skirt, a fitted bodice, net yoke and illy point sleeves. Her veil of nylon net misted from an orange blossom and pearl coronet and she carried a bouquet of African heather roses.

At the bride's side were Miss Gina Velzer as maid, wearing a yellow nylon net and lace gown, and Miss Mary Van Bavel wearing a pale green nylon sheer gown with lace yoke. Their matching hats and gloves contrasted with their bouquets of pink and ko carnations.

The bridegroom was attended by Mr. Michael Koester and Mr. Kenneth Van Bavel. The guests were ushered by Mr. Norman Hendricks and Mr. Erwin Hingst.

The wedding music was played by Mrs. J. Keeler. Traditional hymns were sung during the nuptial mass and during the signing of the register. Sisters Bernada and Mary Louise sang Arie Mira.

Following the reception, for sixty guests at St. Rita's auditorium, where the Very Rev. Father Kilken proposed the toast to the bride, the couple left for a motor trip to Edmonton.

For travelling the bride chose a brown worsted suit with dark brown accessories topped with a brown coat.

Mr. and Mrs. Dopping will reside in Rockyford.

Out-of-towners were Mr. and Mrs. Jack Van Bavel, Mr. and Mrs. Joe Van Bavel, Mr. and Mrs. F. Verweiler, Mr. and Mrs. Roy

At Home and Overseas

SERVE CANADA

"in the Front Lines of Freedom..."

with the **INFANTRY**
(QUEEN OF BATTLES)

Modern inventions have not taken away from the Infantry its all-important part in victory. Again and again, in the battles of 1939-45 and in Korea, Infantry has proved itself — "Queen of Battles". The job of the infantryman has become tougher, more complex. He must be able to handle more weapons and to meet a greater variety of situations in defence and attack.

To attain the specialist rank of Leading Infantryman and the extra pay that goes with it, calls for intensive training in many varied subjects. For the Canadian Infantry Soldier is one of the most thoroughly trained men in our army. He ranks with the finest fighting men in the world.

More men are needed right away to serve with the Infantry — the most important men in the Canadian Army.

To enlist you must:

Volunteer to serve anywhere. Be 17 to 40 (Tradesmen to 45).

Apply to the nearest Recruiting Depot:

No. 10 Personnel Depot, Currie Barracks, Calgary, Alta.

The Army Information Centre,

10040 101st Street, Edmonton, Alta.

BUSINESSES

BUSINESS FOR SALE

Business for sale—Tip Top Service Station, Lunch Counter, Tip Top Confectionery, Groceries and Texaco Gas and Oil. Located in Morinville, 1½ miles from highway (which is being rebuilt for two lanes) to town. Good business stop, bus load each day. Building contains 22 sq. m. which includes living quarters, kitchen, office, washroom, equipment. Must sell on account of the sale of Miss E. V. Ringer, operator since 1937.

The business may take over, will not necessarily be sold as tender. To be forwarded to Lloyd Ringers, Morinville, Alta. Tel. C-19-25, F-2-8.

BUSINESS Opportunities—Several good businesses for sale in one of the best crop areas in the west. Farm implements, farm buildings, office rooms. Also some excellent farm properties for possession in the spring. You want to buy business or farm? Write at once to L. Gould and Son, Saugus and Maynor, 1950. Tel. C-19-46, F-2-8.

FARM MACHINERY

FOR SALE—Fully modern hotel, 1½ rooms, close to Edmonton, on good high way. Good mixed farming district also features a large number of ranches. Is one family business. Owner wishes to retire and will consider to take trade on his place. Call or write, or trade for Edmonton. For further information, write or call Manager Husky Hotel, X-26-31.

LETTERS TO LOUISA

Dear Louisa:

My mother and I have been living together since my father died about ten years ago. I gave up my job in another city and came home to take one that did not pay as much but would let me live with her. Just recently my brother and his wife have been transferred to another city and mother asked them to stay with us as we have plenty of room.

This is all very well except for the fact that it gives me so much work to do. Dorothy chats with mother while I fix dinner until Bob comes in. Then she bustles around and gives him the impression that we have been working together. They usually work after school hours and I am afraid I will be dissatisfied as I am afraid I will be dissatisfied as I have lived in this place for many years.

The children do not like for me to live alone. I am comfortably well off. What do you think I should do?

I am undecided.

LOUISA.

Dear Louisa:

My husband died a month ago and my two children want me to sell my house and live with each other six months of the year. I love my children and my in-laws but I am afraid I will be dissatisfied as I have lived in this place for many years.

The children do not like for me to live alone. I am comfortably well off. What do you think I should do?

GRANDMOTHER.

Answer:

Don't sell your house. If you wish to live with your children for a few months or a year see how the plan works. I personally think you may be glad to have your own place to come back to.

On the other hand, if you do find living with the children pleasant, and they are pleased to have you, the house can be sold.

If it is a large dwelling, you may divide it, renting out part of it to congenial people and keeping a small apartment for yourself.

It is nice to have a place of your own to come back to, be it ever so small.

LOUISA.

REQUEST MORE
AGRICULTURAL TRAINING

The two farm groups, the FUA and the AFA, have asked the government to provide more cultural training in the high schools. It was also felt that the government should provide students with books, novels, and films showing the importance of agriculture in our economy.

Defence-in-Depth Tactics

When a stray cat wandered into the Whittier school's first grade classroom, the teacher had to use "defence-in-depth tactics" to catch it. The cat attempted to catch the goldfish through the glass for several hours. Then, when class was almost out, the kitty discovered an approach could be made from above. The cat failed to make a catch, however, because of the fish's defence-in-depth tactics.

LI'L PEANUT

THE LIGHTER SIDE

How He Knew

A man fell into a coma and it was several days before he awoke. Later he spoke of his experience to a party of friends. "Oh, yes," the young man said in reply to a question. "I knew all the time what was going on, and I also knew that I wasn't dead, because my feet were cold and I was hungry."

"I see," said one of his friends, thoughtfully; "but how did that make you think you were still alive?"

"Well," answered the man, "I knew that if I were in Heaven I wouldn't be hungry, and that if I were anywhere else my feet won't be cold."

Up To Last Man

A large Paris hotel requires that after midnight all guests give their names to the doorman. One night a Spanish nobleman entered and announced proudly: "Senor, los nombres de Veracruz y Madrid son mis..."

"Okay," grumbled the doorman, "let the last one in close the door."

Some Time Ago

"When we were first married you were only too glad to wipe the dishes."

"I know, but that was when we had only two dishes."

Really Lazy

"Rastus, your dog seems to be in pain."

"No suh, he ain't in pain. He's just lazy."

"But sure'y he must be suffering he wouldn't howl like that."

"Jes' plum laziness, jes' laziness; he's sittin' on a thistle."

Do You Get It?

"How did Macpherson cure his stammer?"

"Oh, he put through a long-distance telephone call to New York."

Nearly \$200,000 Paid Out Of Accident Claims Fund

Total payments out of the Unsatisfied Judgment Fund from April 1, 1951 to Dec. 31, 1951, were \$189,357. E. R. Hughes, Deputy Provincial Secretary, announced today. Collections for the fund, for which each operator of a motor vehicle in Alberta is assessed \$1 annually, totalled \$242,931.

A breakdown of payments from the fund showed that hospital and medical payments totalled \$25,751; judgments and costs, \$125,531; and uninsured losses, \$47,675.

The Unsatisfied Judgment Fund exists to compensate persons injured in accidents in which motor vehicles are involved and payments are made wherever a person found responsible by the court for damages is unable to pay the amount of the judgment.

Five Alberta Centres Gain Village Status

The department of municipal affairs announced establishment of five new villages and one new municipal district in Alberta.

Centres gaining village status are Caroline, Girouville, Manning, Rosemary and Waspite. Nominations for council members in these centres will be held Jan. 14 and elections Jan. 28, with first council meeting planned for early February.

The new municipal district, No. 130, is Filion in the Little Smoky River area in Northwest Alberta. Splatte on Alberta — AEN

Rats Invade Alberta

Special action is necessary in order to keep rats out of Alberta, according to A. M. Wilson, Alberta field crops commissioner. Mr. Wilson told Edmonton recently to attend a special rat control meeting in Hanna. It was reported that 15 rats had been seen in the eastern prairie part of the province, in a region west of the border town of Alsask, Saskatchewan.

Photos Taken And

Developed In

Two Minutes

E. Bick, office manager of Egg Lake Coal Mine has an interesting hobby that at times is quite profitable. Getting into the hobby is expensive, though, with equipment worth hundreds of dollars.

Mr. Bick has a flash camera that takes 100 exposures pictures on the spot. He carries a small battery pack that operates a 10 volt flash bulb. He can take flash pictures and develop them within two minutes anywhere. The hobby is profitable too, when used at dances and other public and private affairs. Couples dancing on the floor can have a close-up, candid camera picture delivered in 120 seconds for only \$1.00.

When returning home from a picnic, my friend said, "You know, I'm tired." My little brother piped up: "Glad to meet you but I thought your name was Ronald."

\$1 for **BRIGHT SAYINGS**

The Editor will pay \$1.00 for each child's saying printed. Address "Bright Sayings", P.O. Box 4368, South Edmonton.

When returning home from a picnic, my friend said, "You know, I'm tired." My little brother piped up: "Glad to meet you but I thought your name was Ronald."

Newbrook. K. W. P.

After having pretended to write a letter using his very best scrawl, my little boy asked me to read it to him. I told him if he wrote it he should know what it said. Whereupon he replied, "But I don't know how to read."

WOLVES CAUSING DAMAGE

It was drawn to the attention of the Provincial Government recently by the two farm groups, FUA and AFU, that wolves are causing great damage to livestock in farming and ranching districts. It was requested that a bounty of \$100 a head be paid on timber wolves.
